A-Strut Series Pipe Supports: Available in lengths of 6, 8, 10 and 12 inches. Change strut length in model number as shown below.

Engineering Specification & Detail:

Support for pipe, conduit, duct, refrigeration lines, solar panels, cable trays and equipment support shall be MAPA Products A-Series Supports. Manufactured from extruded aluminum with an integrated industry standard strut designed to allow for a “free-standing”, “non-penetration” installation that can incorporate readily available strut accessories.

Optional: Provide support with adhered isolation pad installed in accordance with the project manager or other designated roofing professional.

Patent Pending
